

COMPANY ENVIRONMENTAL POLICY STATEMENT OF INTENT

M.J Quinn Integrated Services Ltd believes that every individual and organisation has a legal and moral responsibility to protect the environment.

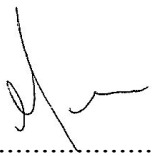

As an independent specialist engineering services company, we have a major role to play in maintaining awareness and employing effective environmental controls.

We will endeavour to conform to, or exceed the requirement of all relevant legislation governing waste disposal, toxic emissions, conservation and pollution.

We will employ practices which reduce the impact of pollution and environmental disruption through all our business activities, whilst striving to improve the efficient use of the world's resources.

With the threat of pollution and environmental disturbance in mind we will regularly examine, monitor and consider all activities to ensure that we provide quality service without detriment to the environment.

Any employee who willfully acts to the detriment of the company's environmental policy may be subject to disciplinary procedures.

Signed.....
M. J. Quinn, Managing Director

STATEMENT OF ENVIRONMENTAL AIMS

M.J. Quinn Integrated Services Ltd will strive to manage its activities in a manner which will protect and preserve a safe environment for all of its employees, business partners, and the general public. It is committed to the development and implementation of environmentally friendly systems of work.

The aims of the statement are to:

1. **MEET** all applicable Government Codes of Practice and Regulations and to assist our customers to achieve their own standards.
2. **ESTABLISH** in house systems methods and standards for our own improvement where regulations or codes of practice do not exist.
3. **REDUCE TO A MINIMUM** any environmental impact, disturbances or noise which our operations may cause.
4. **ENQUIRE** and make use of environmentally friendly alternatives for use in our operations and ensure efficient use of natural resources, conserve water, energy and reduce waste.
5. **INCLUDE** into our commercial engineering and construction departments an awareness of environmental requirements and regulations in particular in respect of new projects and developments.
6. **ENCOURAGE** and promote environmental awareness amongst our employees to enable them to execute our operations in an environmentally friendly manner in line with the intention of this statement.
7. **ASSIST** government, professional and industrial bodies and utilise academic assistance if required to ensure standards are maintained and where practicable improved within M. J. Quinn Integrated Services Ltd.
8. **ENDEAVOUR** to ensure that any sub-contractors employed by us and our material suppliers are aware of our environmental requirements and apply standards compatible with our own.

Whilst the intentions and aims of this statement are clear and defined, it is also reasonable to assume that design and construction specification in many cases will not be under M. J. Quinn's control or influence.

Nevertheless we must all bear in mind that all construction activities have some environmental impact and our best Endeavour's should always be made to meet the stated intention of this document. Bearing in mind that a satisfactory environmental image related to our performance, can be a sign of successful business management.

Signed.....

M. J. Quinn, Managing Director,
